

## Cantilever Chair

### Features

#### Seat:

- Ergonomically designed one piece injection-molded, polypropylene shell with even color and subtle texture
- Waterfall edge promotes good circulation and relieves pressure points
- 15 contoured ribs provide greater flexibility at the upper back while supporting the lower back
- Provides side to side flexibility to adjust to a variety of body profiles
- Available in four seat heights
- Convenient handhold in the upper back for easy carrying
- Unique molded indentations on both sides of the chair back prevent shifting or leaning when stacked

- 18"A+ and 20"A+ styles offer a wider, more accommodating seat size.
- Optional seat and back pads are available on 18"A, 18"A+ and 20"A+ chairs

#### Frame:

- Frame is molded from 1 1/8", 16-gauge tubular steel and is joined by two welded 14-gauge steel support brackets. Steel tubing runs from front to back of the seat with radius corners on front and rear for ease of sliding on carpet.
- Nickel-plated chrome or black powdercoat finishes assure long-lasting durability
- An optional field installed book basket is available for 18"A, 18"A+ and 20"A+ chairs in nickel-plated chrome or black powdercoat finish

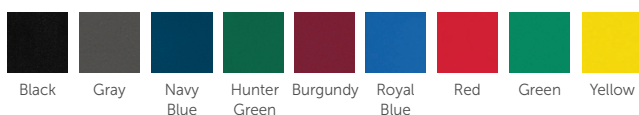

Optional Seat and Back Pads
